

January 21, 2015

My name is Taylor Stevenson and I have recently moved to Blackfalds. I am looking for work within the agricultural sector, specifically involving livestock as a general labourer. I have worked with horses since I was five and I am looking to expand my knowledge to cattle and I feel that a feedlot would be a great learning experience. I am attaching my resume in the case that there are any positions available within Central Alberta.

Thank you for your time and I look forward to hearing from you.

Regards,

Taylor Stevenson
